

VOLUME 71, CONTENTS

ORIGINAL PAPERS

CASTILLO-DÍAZ F.J., BELMONTE-UREÑA L.J., DIÁNEZ-MARTÍNEZ F., CAMACHO-FERRE F.: The role of primary producers in agricultural waste management: Perceptions and challenges in the transition to a circular economy	1
NGUYEN T.P., NGUYEN D.K., TRUONG Q.D.: How does climate shock affect technology adoption in rice production?	14
LADVENICOVÁ J., ČERYOVÁ D., KOŠOVSKÁ I., PALKOVIČ J., ČEREŠ M.: Indebtedness of small and medium-sized wineries in Slovakia	27
HITKA M., LIŽBETINOVÁ L., ĎURIAN J. RAIŠIENĖ A.G.: Approach to the differentiated motivation of employees in agriculture	46
LI C., GE L., BAN Q., SONG X.: Protection of geographical indication products and sustainable agricultural development: The role of public policies	59
POKRIVČAK J., TOTTH M., CIAIAN P., JULINY M.: Does farm ownership structure matter? Distribution of CAP subsidies between primary and final beneficiaries in Slovakia	71
CHENG S., SHI X., REN Y., ZHAO M.: Improving the public's willingness to purchase near-expired food to reduce food waste: The case of milk products in China	86
MEICUI M., SHAOYAN M., YANQIAO C.: A study on the impact of aging and agricultural infrastructure construction on the agricultural green total factor productivity	113
SORROCHE-DEL-REY Y., PIEDRA-MUÑOZ L., GALDEANO-GÓMEZ E., GARCÍA-GRANERO E.M.: Determinants of pollutant emissions in the Spanish agri-food sector: The role of international trade	130
XU H., LIU S., GUO Q.: From 'separation' to 'reconstruction': An analytical framework and empirical test for the adjustment of the relationship between agriculture and animal husbandry of farm households	142
LIU Y., YANG H.: The overall spatial spillover effects of local agricultural policy: A study on China's corn stockpiling policy based on Adaptive Expectation Theory and Spatial Durbin Model	160
ZHANG Y.D., LI J.J., ZHENG Y.F., XU J.X.: Effect of agricultural socialisation services on green grain production efficiency: Evidence from Jiangsu Province, China	173
KOLAPO A., TIJANI A.A., OLAWUYI A.O., KOLAPO A.J., OJO T.O., KHUMALO N.Z., ELHINDI K.M., KASSEM H.: Psychological perspectives on smallholder farmers' choice of climate change adaptation strategies and productivity nexus in Southwest, Nigeria	185
LI C., FENG T., WANG G., ANANI A.N.B.: How economic policy uncertainty affect the scale-up of hog breeding in China?	203
GULDAL H.T., SANLI H., TURKER M.: The path to smart farming: Profiling farmers' adoption of technologies in Türkiye	229
ZHANG Y., WANG Y., SU C., GUO J., XU C.: Assessing the impact of China's National Big Data Comprehensive Pilot Zone policy on agricultural carbon emissions	242
MWALUPASO G.E., WANG S., GENG X., KIPKOGEI S.: Bridging credit gaps for sustainable agriculture: The role of rural savings and credit cooperatives among smallholder farmers	254

URBANCOVÁ H., VRABCOVÁ P., MADZÍK P., KOCOUREK A.: Synergic strategies in reinforcing the pluralistic paradigm, inclusion and diversity as a catalyst for social sustainability focusing on agribusinesses	273
CHENG C.: Structural characteristics and determinants of the patent collaboration network in China's agricultural sector	285
GU X., LI J., YAHYA F., WAQAS M., RASHID A.: Unintended consequences of trade in environmental innovation: Agricultural emissions, sectoral leakage, and the Kuznets curve hypothesis	298
YAO S., WU G.: Research on agricultural science and technology advancement enabling the development of rural industrial incorporation from the perspective of decomposition	308
QIN M., SU C., CUI J.: How have global pandemics destabilised the food market?	323
SHUAI Z., ZHILAN W.: A study on benefit distribution of agricultural product quality governance under the perspective of digital supply chain	357
LI Q., WANG Z.: Has contract farming improved the green technology efficiency of vegetable growers? Empirical evidence from rural areas in Shandong Province, China	378
KMEŤKOVÁ D., ŠČASNÝ M., ZVĚŘINOVÁ I., MÁČA V.: Understanding meat and fish consumption: Socio-demographic and value insights from five European countries	394
SABINA DEL CASTILLO E.J., DÍAZ ARMAS R.J., GUTIÉRREZ TAÑO D.: Exploring the role of epistemic benefit and responsible tourist behaviour in the selection of local wine by tourists	410
LIU P., ZHU J., PAN W., LI B., LIU Q.: Factors affecting grain loss reduction efforts among Chinese farmers	423
KIPROP E., CHELAGAT J., XIANHUI G., MWALUPASO G.E., BEZU K.H., YASIN S.I.: The impact of contract farming on household income and poverty alleviation: Insights from smallholder poultry farmers in arid and semi-arid regions of Kenya	433
CHEN C., MA C.: Efficiency of agricultural and pastoral systems in China considering shared factors and undesirable outputs	445
SVOBODOVÁ I., ŠIMPACHOVÁ PECHROVÁ M., TAKÁČ M.: Perception of resilience and its determinants with a focus on farm size: The case of agricultural enterprises in the Czech Republic.....	458
MA J., LIANG X.: How does air pollution perception affect farmers' decisions on agricultural mechanisation? Evidence from rural China	475
LIANG F., LI G., ZHENG W., SUN F., YANG Q.: Can agricultural subsidy reform promote reduction of fertiliser nonpoint source pollution? Evidence from China	485
XIAOLIANG L., LILI S., ENGUANG Z.: A study on the participation of family farms in order-based agriculture in the southwest mountainous regions of China: A social capital perspective	502
WANG Y., JIANG G., MIN J.: Does livestock manure recycling among acquaintance networks decouple crop and livestock production? Evidence from rural China	512
ALEKSANDROVA O., BOJNEC Š.: Impact of the adoption of chemical inputs on crop yield downside risk ...	527
HAO S., LI P., ZHANG N., DU Y., LIANG R., LIU Z.: Unveiling green perception effect: How live streaming scenes and green information influence purchase intention of prepared dishes	537
ZHENG J., LIANG X., MA J., LI G.: Rural e-commerce and agricultural total factor productivity: Evidence from China	550

SCHNEIDER J., CHMELÍKOVÁ G.: Assessment of the difference in ecosystem services between ecologically and conventionally managed ponds: An empirical study from the South Bohemia region, Czech Republic	564
JIA B. Z., WANG X. Q., RAN B. Q., HU J. A.: Analysis of the impact of farmland transfer on agricultural carbon emissions – Based on survey data from farming households in groundwater irrigation areas of Hebei Province, China	579
KHEZRI NEZHAD GHARAEI M., GUESMI B., GIL ROIG J. M.: From metrics to insights: Evaluating cereal farming sustainability in Catalonia using composite index approach	592
CHEN X., WANG K., XING L., LU J.: Nonlinear effects of bank loans on county agrifood SMEs innovation: Empirical evidence from China	604
MESA-VÁZQUEZ E., AZNAR-SÁNCHEZ J. A., GONZÁLEZ-YEBRA Ó., GÓMEZ-TENORIO M. A.: The use of game theory in the management of agroecosystem services	618
NASTASE C.E., PRELIPCEAN G., CHASOVSCI C.E., LUPAN M., BEJINARU R.: Revealing key links between components in the circular economy	633
PRIYANTI A., PRIYONO, MAHENDRI I.G.A.P., YULISTIANI D., DAULAY H., YUHENDRA, ROFIQ N., UNADI A., BUDIHARTI U., PARIKESIT A., ALI A., ERWAN E., MULADNO: Modelling the circular bioeconomy in the palm oil industry: Emerging approaches to address cattle feed shortages in Indonesia	647
Li X.X., Hu Y.H.: Deconstruction of China's agricultural bioeconomy policies in the context of sustainable systems transition – Based on policy texts analysis	664

REVIEW

ALAM M.C., SETIAWAN B., TOIBA H., MAULIDAH S., RAHMAN M.S.: Supply chain management practices of SMEs in developing countries: Bibliometric and systematic reviews	99
CHERNYSH Y., CHUBUR V., HÁJEK M., ROUBÍK H.: Closed-circle bioeconomy: Applied aspects of agricultural implementation	680

CASE REPORT

FUKSOVÁ Z., BOŠKOVÁ I., HLAVÁČKOVÁ J., NOVÁK M.: The economic aspects of organic farms selling their products to organic or conventional market	218
---	-----
